The latest renovation restored the original Spanish building and added new towers to the suites. Public spaces hold elegance at the original property, which opened in the early 20th century. The hotel overload the atlantic, and many of the 319 rooms and suite have water-facing views. Guest rooms are designed in muted tone that keep the focus outposts on sea views. Many of the 108 suites have balcony, and all have 24-hour butler service service available. The Vanderbilt Court on the ground floor has several area for guests to gather for cocktails. Credit: Courtesy of Parrot Key Hotel & Villas 2019 is almost here, and the list of hotel openings includes new developments, properties filing huge renovation, all-inclusive resorts, and even a permanently berthed boat. Restoration of historical buildings is a defining trend, a desire to preserve the tendency of the past and of infinite characters with the patient of age. Hotels are arranged from casual to luxury properties, and from downtown wildlife locations in Africa. Related: The Top 100 hotels in the world continue to continue to have a larger presence in hotels, with collections that have healed the portrait of a personality or add a sense of the destination. Many of the hotels have highlight their modern, contemporary, even kirky style in an effort to attract millennial guests and elements designed to appeal to that generation of travelers. Others announce their pet-friendly equipment and youth-oriented activities in response to growth in family trips. With increased attention to the environmental awareness, many hotels went beyond laundry reduction programs to communicate their commitment to eco-awareness brands and produce the supporting environment. Restaurants point out the use of local ingredients and sustainable seafood as well as on-property organic farms. Some hotels seek to educate guests on the local environment and even provide participation opportunities such as coral restoration. Related: The 50 best places to travel through 2019Wellness programs are a growing trend among hotels and spas, with yoga classes or targeted treatments and experiences designed to improve guests' health. There's certainly more hotels today than just a place to sleep for the night.
